PROJECTS

Txtgram

- Txtgram is an android application. It is a fast, simple, and secure app we can use to message and call each other for free similar to whatsapp.

Pennstate Review

- Developed GRE online examination portal for Pennstate Review.

All Jobs in India

- All Jobs in India is the mobile application that updates you about all upcoming Job Vacancies in India in both Private and Government Sector.

I Rent

- I Rent is the mobile application used to search the properties of any budget without wasting time manually. This application helps owners by saving time, sharing the contact details only to the registered users and thereby reducing the burden of explaining the same to each customer who consults them.
